

Class 1's Autumn Term

What a busy term in the Early Years! September saw sixteen bright and enthusiastic children starting their Reception year and we also welcomed new excited learners into the Nursery year of our class.

We followed the character of Pete the Cat as we found out about school and how we feel about different things. We also enjoyed exploring God's wonderful world when we learned about Noah and his ark and the beautiful rainbow and about Harvest.

The children loved being a part of the school's Explorers and Columbus Day, they worked brilliantly with their friends from across the primary phases to earn house points.

The children have had a great time exploring our outdoor area as well as all of the learning opportunities inside. We love learning through play and the children always put in such a good effort.

We have all enjoyed noticing the changes in the outdoors as the seasons have changed. The children have looked at fallen leaves, changing colours, frost and snow!

The Early Years children began listening to, acting out and enjoying the story Owl Babies by Martin Waddell and became very keen to find out more about owls in the real world. They shared facts and found out more by looking at books and using the internet. We have been very lucky at the end of the term to have a visit from Nick and his real owls, a big thank you to Lucas' uncle!

We have of course also been very busy finding out about Christmas, We have talked about and retold Jesus' birthday, and the many ways in which different families celebrate. Our Class 1 children did a super job of performing in Class 2's fantastic play, 'Christmas Recipe'.

Class 1 wish you all a very happy Christmas!
