

Autumn 2015

Welcome back everyone, and a special welcome to all those who are new to Class 2. I'm sure it won't take long for everyone to settle down and here are a few of the things we will be covering this term.....and yes, this is the term that ends with Christmas so the Nativity will be here before you know it!

Literacy - Creating posters, making fact sheets, story writing and Christmas poems.

Maths - Place value, addition, subtraction, multiplication, division and measure.

Science - Human senses, the body and grouping animals.

IT/Computing - E-safety and the internet.

History - Changes in communications and toys.

Geography - Locational knowledge of the globe and the United Kingdom, and seasonal weather.

Art and DT - Drawing skills, the artist Van Gough and cookery.

Music - The Nativity.

RE - Harvest and Christmas.

PE - Swimming, Games and Gymnastics.

If anyone has or knows of anyone who has old phones we can borrow for the children to look at that would be great. We are looking for a range of styles and ages from corded dial phones to old 'bricks' of mobiles.

As always if anyone one has 10mins free on a morning to help listen to children read then please come and let me know.....it can be very flexible and done on an 'as and when available' basis.

Many thanks,

The Class 2 Team
