

Dear Class 2 Parents/Guardians,

Welcome back to a new year; I hope everyone had a lovely Summer break. This term we will have Ms Voakes in the class 3 mornings a week and Mrs Harris 2-3 mornings a week as teaching assistants. We also have a student teacher, Mrs Cameron, who will be with us until November.

This half term we will be focusing on the Science topic 'Animals including Humans', learning about the fact that animals have off spring that grow up to be adults. We will be learning about the basic stages in a life cycle for animals, including humans.

In literacy we will be looking at books by the author Julia Donaldson. We will look in detail at 'The Gruffalo', 'Room on a Broom' and 'The Smartest Giant in Town'. There are many other fantastic books by this author and it would be amazing to hear about the children reading some of these either at home or at school during their independent time.

In History we will be looking at the changes in communication within recent times and in Maths we will be starting with counting and the partitioning of numbers.

If there is anything you want to know or you have any questions please don't hesitate to ask.

Many thanks,

Mr Lightowler.
