

## Cricket Tournament

We went to a cricket tournament at Boroughbridge High School. There were many schools there. Our school entered three teams: a C team; a B team; and an A team. All the teams did very well in the tournament.

Out of our three teams the A team did the best. They made it all the way to the semi-finals!!! But they were knocked out. They then played a playoff for 3rd place and won. The team that came 2nd weren't in our cluster so it didn't count them coming second so we ended up coming second, which made us very happy.

## Countryside Live

Last month, KS2 went to countryside live. We met up at the Great Yorkshire Showground stadium and then went to go see the animals. We saw and were told all about breeds of sheep, goats, pigs and cows. We also got to pet different animals such as alpacas, a calf, a Shetland and some more animals.

We also got to watch the sheep show. It was fun to see all the different sheep and it was really funny to see them all dancing. He sheered a sheep to.

We had lunch and then did some activities inside. We did a wood investigation and learnt about how poo is made!
