

I have a background in finance, training with a merchant bank in London and qualifying as a CIMA accountant before working in Risk Management for the bank. I returned to the North to work for two PLCs.

I now live in Boroughbridge and am at home with my three children, the older two are currently at Marton School.

I have been a Parent Governor at Marton cum Grafton School since 2008, and enjoy being part of this lovely school and helping to support it.
