

I have worked at Marton since September 2012 and currently work with the children in Class 1.

My qualifications include an NNEB certificate, a Fine Art/English Literature degree and a PGCE. Aside from time spent at University and raising my two children, I have always worked with children, in either nursery or school settings.

Outside of school we enjoy lots of making activities and DIY, gardening, cycling, seeing films and our pets - we have a dog and four guinea pigs.
