

I have three children who attend the school and we live in the village of Whixley.

I currently work part time in my husband's property management business. Prior to this I held various marketing and commercial positions in a number of well known food and drink companies.

I was heavily involved with Ouseburn Playgroup for a number of years and was Joint Chairperson for two years.

I joined the Governing body in September 2013 as I wanted to become involved in the development and future direction of the school.
