

# Marton Cum Grafton CE Primary School Website Accessibility Notice

The Marton Cum Grafton CE Primary School website has been designed to be as accessible as possible while still visually interesting. To do this we have included a variety of features which are summarised below.

- Images and Alt tags
- Browser Compatibility
- Coding Standards
- Consistent Navigation

## Images and Alt Tags

Marton Cum Grafton CE Primary School have avoided using excessive graphics within the web site where possible to ensure quick download times and access to information which cannot be read when in image format. Where images have been used we have added 'Alt' tags - text alternatives so that you can still see what the image is meant to convey even if it doesn't load or if you have chosen to browse with the images switched off or you are using something like a screen reader to read the web page rather than view.

## Browser Compatibility

This site has been tested with the following browsers for compatibility.

- Internet Explorer Versions 8.# 9.# 10.# and above
- Firefox 1.0.7 and above
- Safari 2.0.3 and above
- Google 23.# Chrome and above

Later versions of these browsers should continue to be compatible.

## Coding Standards

We have ensured our site conforms to W3C standards for xhtml and css. Adhering to these standards should make our site accessible across browsers which adhere to the same standards, and should make our pages more accessible to those using screen readers and similar devices.

## Consistent Navigation

Throughout the site we have tried to keep the navigation consistent. Certain pages are available from every single page on the website. All image links have text alternatives. If you have any comments about the navigation on the site please contact us.
